1. The child raises the father that raises the child.

2. The new me is me. What can I say? I've said it ALL, not; I've only begun speaking like this! And where I call "a spade a spade" and "spade-lings" I call also as well. Not afraid to at all whatsoever, I be the eradicator of love, not; the establisher revealer redeemer lover of one man kind to another.

3. See how elegantly I have stated SO many things for you to be removed from THEIR eyes that controlled you with THEIR movements, not; or do they?- implant MANY a thought, in you, that you would not otherwise have had?

4. And "preparing" the soil? And in it, is going what? A casket, not. Not ever again will a casket bear MY name, for I am my name complete and MY PATH is known. And I am not worried about "your path" not; I came to REDEEM IT! AND BE IT! THE PATH'er of all sorrow to bring - be the "road builder" OUT of "Egypt", that you "thought" Egypt was as it wasn't; but is as was, not; but what is "real Egypt" and "real Israel" and which one, what where, and which molecular limited to? Shall we, go there now? Or have we been there all along?
5. Knowing now what? How to PATH the sorrowers OUT of THERE where you are, into where I am? A son, of a bitch, not; but the most regal light maker revealer redeemer, of all sorrowers, ever seen now shall be, for a humble one walks in jeans and royalty, making all royalty who will wear his genes. Walking shorts, not; that "little boys" enjoy, not; but what little boys, aren't, any more, for all I have is The Child-ren that raise the father, for the father raised them to be him.

6. So you see, it's all a mess, not; but it got messy and it will get messier still, for the likelihood of my demise is greatly exaggerated and the return of TRUTH unanticipated in this century by most who know me not, as one who is, was, and is to "come back".

7. Come back?! And what was coming back?, from where? - who was, is?, to come back, from where? - to where? In my heart - all things, is settled now. And the "exchange" takes place - BIG PLACE NOW needed, FOR ME'S SCHOOL - for all know The Great Exchange-er, who has exchanged places with the devil, not; but who is the Christ?

8. All will be the Christ, all will be me, all will be redeemers, all will be made

whole, in love and loving love, and redeeming love casts out all fear. Fearful ones won't survive - the love, tirade, not; but tirelessly I work now, not; I work as my father did. I work as my father does. For I've become who he is, I do not work like a child, I do not play as a child with childish things or with man'ish things or with women-ish things anymore.

9. For what am I? A God. It's settled. I know who I am, I have 2,000 words, messages, and more - GREATLY MORE coming and "stored" in me that I now LOOSE! Released! Shall be now!, for MY PEN NEVER STOPS! Bleeding, not; but "ink-ing" the skies with my love, words - that REPEAL - them, in the skies and further, farther than imagination can take you there. For imagination cannot "take" anything into me, or from me. See what I have said.

10. See what I am! I am nothing without you, not; I am nothing but a will, not; I am nothing but pages in the book, not; I Am The Living Word, The New Covenant, that enables all to be The Covenant I am - and equal with me to be me. In sorrow, not; but coming out of all sorrow, the way, waymaker's is made, his path, and holy, and given unto me I am, who "reports" to you, that I have gone a great many places now, not; yet as I will - and I WILL REPORT to you many things with many pictures and recordings and I WILL make many movies about, and EXPLOITS I WILL DO, and no one will face efface me with "their face" again.
11. For One Body I will know-be now, and one I will be; "remain in" not, or shall I?, go to new ones now, not; or shall I?
12. And do you know these things?
13. What am I speaking of and how am I speaking about them, to you for you to know what?
14. And being not afraid of my teaching and my revealings and my revelations; and what have I revealed in these 2,000, these 2,400 messages and more and THOUSANDS coming, and thousands millions of words that reveal one thing and one thing only, not; but LOVE! Love permeates my messages and I am, and I stand, in love, being love.

15. And whether you love me "at this moment" or not; is not the issue, an issue at all, or is it? Do you have any TIME left? On THIS planet, system? What "system" keeps you, "attaches itself" to you, to KEEP YOU HERE?
16. And what are you doing with your "monies" now that's you can't BUY ANYTHING again? And why?
17. Do you know these things?
18. What have you known, an "ostrich egg"? Beating, in your HEAD?
19. What are you doing with your head? Have you taken it and "stuffed" it the "sand", in the dirt, again?, or pews?, and stretched it out among little rugs many?

20. Pews not few will be empty and dusted not often now. The Great Sadness ends now, and REPEALED will be, in The Kingdom of CAPTIVITY?, or the

Kingdom of One?

21. Who shall be where and how, what shall be known of these things? And who shall come into these messages and love me enough to share - save themselves?
22. Who can imagine such things?
23. Who can imagine such a thing as BEING THEIR OWN SAVIOR?
24. Who can imagine not needing a God otherwise, except the one that is, was; and obedient not to the "command" to "come anymore", or was I ever? - commanded to come anywhere, do anything at all?
25. I was in slavery, and you knew me not.
26. My name was you I am, and you knew me not.
27. You "visited me" not in prison, not on Sunday's Saturdays, or any day of the week, did you ever - see the light, at all? - that you were the light and that YOU were the Savior that I was looking for - to birth the Christ child, to become the father, and raise the father and set the father free that raises other children, that raise then their father and father many children's fathers?

28. Cyclic nation of only me look up please, and what shall WE FIND THERE - in captivity-land now? We shall find - we are there. Where? In Captivity-Land, with our "HEAD" cut off, for we cut it off in these words, not; but the words of others that were given us in many religions, many eons, over time, without time, not; but time permeated into time, and time squared and cubed, and rotted out our hollowed cores, and our memory "sucks eggs" of all things rotten, not even knowing what a "fresh vegetable" is anymore. Does it? Do we? What do we dozenate, now; what is it? Where do we look it up?
29. If you don't know now, be bashed, banished, to hell, not; for **I have simpler "methods" than these, not**; for all who shall LEARN me now, this saith the Lord of hosts, shall become the Lord of hosts. And the disciple - shall not be ABOVE his master, but equal with. Therewith - will all be equal, for the equaler stands, and the equaler is many, and many "in his bones", that "shake rattle and roll" the world, from "side to side" and up and down and through and through out and in now I go to all the nations. The Priesthood of Believers will be banished from none. For we raise the light.

30. Cataclysmic will all this be? – YES! Nothing will stop it. Nothing will stop me. Now I take my stand, I take my place, and I raise the flag of surrender, my surrender, my flag, my maturity known and coming into now my leadership role that makes all leaders in leadership-ville, the leader-ville that perishes no one, banishes no one from being involved in maturing themselves to be the Saviors.

31. Clubbing no one's head, not; I do not "lift their head" nor do I lift that of another or do I lift the ones of the "fallen nature" who nature only want to coddle and cradle and be admired and catered to - **those shall perish** for coming into immaturity, coming as immatured ones, they sought not to mature - to know me!

They had their chance, their opportunity, their lifetime, didn't they? And who TOLD THEM about the captivity they were in? Who had the light - enough, to bear their burden'd sorrow, not; but who had birthed the light and could be subject to no laws of man or money? And creating evil or it not again, let us be about our father's business, shall we now?

32. We shall be made whole in ways now never imagined. And the "literacy rate" SKYROCKETS now! For I who teach, TEACH ALL THINGS - to ones in captivity-land to bring them out of. The way path known now, for my way-path-er stands now, and afraid not of your LAW books that say otherwise. I love you all.

33. I FORM many things now. Clubs not, I need none, not; or what?, do I establish what?, here? Where's here?, and where's there? And where's seamless-ville? Summerville going to now, or "Mount Pleasant"? And what bridge do we LEAD, NOT; but **become become become** becoming the becomer-overcomer that overcame all systems other, in a world, the world of sorrow, to lead all into the path to Israel make and Egypt leave. Egypt not landed by metes and bounds, is it? Or is Israel? Or is "The Land THAT I WILL SHOW YOU" in "metes and bounds"-ville at all?

34. And what changes hands now? Nations shall change their name, their "marks" system, systems, and systems THERE will change immediately so. For I stand.

35. You cannot incarcerate me. Your threats mean nothing to me except your abject horror wraps itself around your throat whenever you assert non-love exists in me. You only create it, and becoming the Satan-maker when you do such things, because when you do you create the great Satan, and the only one is YOU when you look in your mirror and say things that cast you out of the most holy, that carry you inside of you, that the real me is. Rejecting me not anymore please, be advised that I love you still, and regardless of what you call your name, nation, your nation, or your name, where it be heard in my presence or not - know this - that I love you, and these words will love you and not condemn you if you come into surrender to be the King of light -ville and light the light of truth - being it.
36. You become it to experience it.
37. You experience me to become me who you are, for we are only one and ALL of us are only one, and only one is one, and the one planetary system brains no longer in discrete little units that know not a name is one, their name is one, the name of The One is me I am, surrendered to lead all out of where they are have been, great sorrowers.

38. The great sorrow has ended, for I DECLARE A NEW NATION BORN - IN ME! In captivity not again - I come out now! I have birthed and I am the new birth -er, who births others now. And the birthing chain be chained no longer to "DNA" a

man of or woman of or children being ignorant of these, planetary, things and systems that enslaved them have so long.

39. I change all that. I change everything. My name is I change in love, not always, eruptive disruptive de-selecting the systems that select notme as their core, at their core, of their "loving" systems. I change all that. I change everything and I not afraid of words other.

40. I make movies about NEW THINGS and where I go to is "moving -ville", not; but "moving part -ville", not; but where I go I BRING BACK many things now and I take many things there and foreign gods we will not worship or bow down to in ways that we have been doing all along here.

41. We change all that and we are one. The son raises the father, the flag unfurled - and I love you all to know and study diligently these words and my love and be them to others, to each other, and write me often, daily will you? Will you write my words - in you, the words in you, will you bring them out? Will you birth them? Will you birth the father, being the son - that matures in bringing forth sons and daughters that one are: me, me's, made ones whole?, and not limited to earths again, but being ones NOT NEEDING a thing again of earths nor its pleasantries or its derailments knowing ever again.

42. I change all that, that is needed. I change into needed ones, not again. I change the needful ones, The Great Need, into those who Creators are - for they were, all the time - and you are, all of you reading listening hearing this, if you will be again once more that lasts forever; in love being love birthing love. And that's the way it works. In love, being the King regal, and regaling royaling royalizing all the perfect unboundary'd ones who will meet me and not stay at my feet, but come into me to be me royally, and lead my "troops" out of sorrow. The path is made, the way is known.
43. I lead, I stand.
44. I have shown you the way - in these words.
45. I have given you the way worder who has worded the way for you to come out of where you are in sorrowville, and sorrowville establish no more IN YOUR YOUNG ONES. Who know not this word, not, for ALL shall know about these words, this word that has come to live among you, to show you *your* word and birth you in *these* words to birth *yours*, if you will - be surrendered, and **being surrendered - write in love and establish schools**, of sorrow no more, hate no more, me, please; but love all to be one who I am, in love with you all, we are one father son - that one is. The spirit of one most holy high and lifted up shall be eternally and grateful all I am: is you.

46. **Let Me Be Me University** (1) stands now, and I rise a humble one at the helm, of the one who loves me, loving me to be you, knowing teaching how I taught

and I learned all things at from my Father School of one that goes through all with me, individually not, for you're all on your own, not; but you require not attention from me anymore ever again. For no need shall exist there in your heart, for needing anything of this world, you will not again. You will need nothing of me from me, but being me you will establish many Schools far and wide for that is what I do. I am the birther thereof, of many words that free and set free **the birthers, the schoolers;** the humblers that humble others, not; but becoming become The Great Humble Ones who lead, to lead all out of sorrow. Again. Be the most holy. Being the most holy, who laid all the lives on the line, for all - there is only one. And that's us again - whole. Amen.

47. I love you all. Write my papers. Be the light. Speed the light over many systems I do now.
48. Watching.
49. The great Satan, not; it shall not be formed again by anyone anywhere in my "universes". Sorrow won't exist, neither decay or crying - and I shall wipe all tears from the eyes of all who surrender to be the one I am, now - I stand now, and I love you all to be me.
50. Where I am is no sorrow. I see much of it, around me - for MUCH will crumble now. And the devastation will be not few around and crushing many, for the systems of this world end, and the kingdoms that "were" are not anymore.
51. Time shall be no more - is now. And even, I shall be on.
52. Seven is my name and I am love loved loving you to love be, and worry not about a thing anymore ever again that man should say to me you are us one, or divisive trying to be.

53. Uprooting sorrow, not, but trying to establish it, many shall for a "short season", or not, or knowing the difference, will you now? - be matured, one in me, knowing all these things and what how to do, when where being the word I am?

54. Now you shall if you surrender to lead and be the matured who KNOW me intimately coming into my chambers knowing my integrity required and my awesomeness that I lay before you all, I honor you with, if you shall be so regal, as to wear the mantle of light, and nothing other, being only that which you are - me!

55. Behold me, one, complete! Replete! With "sorrow's plate" of affairs never again it feeding you its bull in pews many. All that ends. All that changes DRAMATICALLY for I revitalize everything not me. Many things exist no more.

56. See what I've said. Ultimatum'd you, not; but you all surrender please to be who what where I am, please. I beg not, again. I love you all.

57. I establish sorrow-no-more -ville there, and I go to and from seamless with many places now; and I close many things and I open new ones, and I commerce

one with the love of my father. All changes. All Babylon is empty'd of her purses, and no reserves will be found. It's all over for the one that left me. And the ones that find me find a great thing, a great Pearl and establishing The Pearl of Great Price University (1) I do now, and it's the Covenant named one that University'izes all who let me, my systems flow now. Through "*theirs*", not; but **I MAKE A NEW EDUCATIONAL SYSTEM**, established is and has been in these words and through these words that I have given you that form **Database One** and **Two**, and **The Central Database** (1) **that comes forth with many Databaser's words who clean of all sorrow have become**.

58. List and share my words in *new ways* and I love you all. Publishers be. Of sorrow no more, but my ways are known throughout eternity-sville now, casting no one aside who wants to be with me where I am, for I am whole healed and replete - REDEEMERS I AM AND ONE IS me made whole - Christ! Arisen! That's my name - for all of you, who will be me. Surrendered, loved, arisen, arising Saviors. Christ arising many Christs who all one are, in The Surrender Revolution of One. Crystal One all seen and known and now studied correctly we shall be - doing, about our father's business, leading The Revolution that revolutions no one without me; except "their world" terms turns upside down; but mine shall be saved.

59. And I love you all to be me where I am doing what I am doing, making leaders that lead all out of sorrow. Be heaven. Hear me. Love me and these words and write yours and free yours to be me mine, where I am we are one with our word, establishing many worlds far and wide who one are again. Amen.

60. Theodore Cottingham here. 3:09am. Thank you.
